**On motion of Commissioner Cheryl Grills, Ph.D., seconded by Vice Chairperson Frank Bacio, unanimously carried, this item was approved.**

**Attachments:** [SUPPORTING DOCUMENT](#)

2. Review, discussion and approval of a draft letter to be submitted to the Board of Supervisors, expressing the Commission's concerns regarding drugging the kids in the group homes and foster care system. (14-3962)

**Commissioner Grills, Ph.D., read the draft letter addressed to the Board of Supervisors regarding the Los Angeles Daily News August 27, 2014**

article entitled, "Drugging Our Kids" and the Commission's concerns regarding the administering and management of psychotropic medications with children placed in group homes by the Department of Children and Family Services (DCFS) and Probation Department (PD).

Commissioner Grills stated that there were two questions regarding the letter for discussion by the Commission:

1. How much detail does the Commission want to include in the letter pertaining to the Commission's concerns expressed at the monthly Business Meeting?
2. What is the Commission asking the Board to do regarding the issue of drugging the children in foster care and group homes?

Commissioner Andrews requested clarification as to whether the letter is expressing the content of the article or the concerns of the Commissioners based upon their observations while conducting inspections of group homes. He also expressed his support of Commissioner Grills' letter and cited her professional background in dealing with psychotropic medications.

Following discussion, and by Common Consent, Commissioner Grills edited the draft letter to include verbiage that the letter is based upon the Commissioners observations during their inspections of group homes and also their concerns expressed during SBC meetings over the past number of years. The letter was further edited to include concerns identified by the Commission such as:

1. It is not clear what oversight exists to the to determine the dispensing of Psychotropic Medication;
2. Who is reviewing the Needs and Services Plans (NSP) to determine that there are clear linkages between the use of the medications and the information contained in each child's NSP;
3. The extent to which there is review of the amount/dosage type and reliance of Psychotropic medication as used by specific psychiatrists, group homes or for certain age level or group home RCL level.

Lastly, the letter will be modified to include that the Commission recommends that the Board of Supervisors conduct an inquiry into to the issue of psychotropic medication by group home service providers, including the extent of usage, management, oversight, and accountability.

**Commissioner Grills will forward a draft copy of the letter to Commission Staff for submittal to the office of County Counsel for review. After Counsel's review the letter will be brought back to the Commission for review and approval.**
